EXPERIENCE

Intern at Sannibh Technologies (2020 - 2020)

Due to Corona Pandemic this Internship was work from home internship. In this internship I had created web application for taking online course as same as that of Coursera. This application I had created in ASP.NET. [Completion certificate](#)

Secretary at ACM(SC) (2019 - present)

I am currently **Secretary** for ACM (Association of computing machinery) which is a Student Chapter at Depstar, Charusat University. So I had experience with leading and **team work** too.

CSSI Google (2020 - present)

I was selected as the CCSI (Computer Science Summer Institute). I was under **Data Structure** Course in which I was mentor for some small number of student for DS which was under google Coursera.

EDUCATION

Charusat University (2018 - present)

I am currently pursuing as Computer science student in 3rd year. And my current CGPA is **9.04**. And graduation will be completed by 2022.

Modi School (2016 - 2018)

I had completed my higher secondary in 2018 with **86.89** PR.

OBJECTIVES

That would be my pleasure if I get internship opportunity in Goldman Sachs. As I like to explore new thing and like to learn new things I want to also explore this internship. And I had worked a lot with **Database**. I want to serve me as **Security** related domain and what to go in deep.
